

FIELD NOTES

What in the world is "glamping"?

Glamping is a combination of the words "glamorous" and "camping"; more letters to the camping. Read that again. If you enjoyed camping as a child and are looking to reinvigorate those feelings as an adult with a desire for the experience to feel a little more "effortless" - you have found your next adventure.

You've probably heard, "please email us" at least 100 times in this FAQ. Why? Well the reality is that we're a small team working to make sure that The Fields Farm, Spa, Tents, Camp Store, Willow is delivering is precious magic daily.

You know what disrupts that magic? A phone, in the middle of a field, ringing off the hook.

So to preserve that Field Magic, we don't pick up the phone while guest are on property. Therefore, the best way to get in touch with us is through email.

Our internal policy is that you will be responded to within 24 hours by someone on our team (we have 6 people reading through hundreds of emails daily (past, current, and future guests).

Please be patient with us as we desire to keep our guest contact in house and with a good human/field staff member guiding your stay.

Thank you for your understanding and patience. By doing this we are ensuring your stay and experience is curated by those that are working so hard delivering it.
